“ I always wondered why someone
doesn't do something about that. Then
I realized that I am somebody! ”

You want to help society, organization or yourself? Become a member of our organization and find out why some of you depend on many things. Become useful for the society, let's see their problem and find a solution for it. Let's join forces and improve the position of young people by providing the conditions for fulfilling their aims and needs as well as raise the awareness about the issues and problems concerning young people. Skills and contacts you acquire with us can help you finding a job or developing a career. For active ones Mladiinfo Montenegro suggests participating at the seminars, trainings and youth exchanges where you get the opportunity to travel and meet young people from all around Europe.

- Project **Activity to participation** was financially supported by the Fund for active citizenship. Project had an aim for raising the awareness about the need for active participation of young people in the life of a society and indication of forming the *Youth council in Niksic*.
